Defense Metals Announces Closing of its \$738,836.28 Non-Brokered Private Placement

News Release - Vancouver, British Columbia – January 31, 2024: Defense Metals Corp. (“**Defense Metals**” or the “**Company**”; TSX-V:DEFN / OTCQB:DFMTF / FSE:35D) is pleased to announce that, further to its news releases on January 17, 2024, it has closed its non-brokered private placement financing of 2,841,678 common shares of the Company (“**Common Shares**”) at a price of C\$0.26 per share, for aggregate gross proceeds of C\$738,836.28 (the “**Private Placement**”).

McLeod Lake Indian Band (“**McLeod Lake**”) and RCF Opportunities Fund II L.P., following exercise of its participation right, subscribed for 2,557,795 Common Shares and 283,883 Common Shares, respectively, under the Private Placement. The Common Shares issued to McLeod Lake are subject to a two-year voluntary hold period from the date of issuance.

All Common Shares issued under the Private Placement are subject to a statutory hold period of four months and one day in accordance with applicable Canadian securities laws. The Private Placement remains subject to all necessary regulatory approvals including final acceptance from the TSX Venture Exchange (the “**TSXV**”).

The Company intends to use the net proceeds of the Private Placement towards advancing the ongoing project development of Defense Metals’ 100% owned Wicheeda Rare Earth Element Project (the “**Wicheeda Project**”) located 80 kilometers northeast of Prince George, British Columbia.

The Common Shares of the Company have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended (the “**U.S. Securities Act**”), or any U.S. state securities laws and may not be offered or sold in the United States absent registration or an available exemption from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the securities referenced in this press release, in any jurisdiction in which such offer, solicitation or sale would be unlawful.

About Defense Metals Corp. and its Wicheeda Rare Earth Element Project

Defense Metals Corp. is a mineral exploration and development company focused on the development of its 100% owned, 8,301-hectare (~20,534-acre) Wicheeda Project that is located on the traditional territory of the McLeod Lake Indian Band in British Columbia, Canada.

The Wicheeda Project, approximately 80 kilometres (~50 miles) northeast of the city of Prince George, is readily accessible by all-weather gravel roads and has nearby infrastructure, including hydro power transmission lines and gas pipelines. The nearby Canadian National Railway and

Cautionary Statement Regarding “Forward-Looking” Information

This news release contains “forward-looking information or statements” within the meaning of applicable securities laws, which may include, without limitation, any statements (expressed or implied) relating to: advancing the Wicheeda Project, the use of net proceeds from the Private Placement, final TSXV approval of the Private Placement, the technical, financial and business prospects of the Company, its project and other matters. Forward-looking statements are typically identified by words such as “plan,” “believe,” “expect,” “anticipate,” “intend,” “outlook,” “estimate,” “forecast,” “project,” “continue,” “could,” “may,” “might,” “possible,” “potential,” “predict,” “should,” “would” and other similar words and expressions, but the absence of these words does not mean that a statement is not forward-looking. All statements in this news release, other than statements of historical facts, that address events, contribution or developments that the Company expects to occur, are forward-looking statements.

Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such forward-looking statements are not guarantees of future performance and actual results may differ materially due to the risks and uncertainties associated with and inherent to the Company’s business and the Wicheeda Project. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, including the price of rare earth elements, the anticipated costs and expenditures, accuracy of assay results, performance of available laboratory and other related services, future operating costs, interpretation of geological, engineering and metallurgical data, the ability to achieve its goals, that general business and economic conditions will not change in a material adverse manner, that financing will be available if and when needed and on reasonable terms. Such forward-looking information reflects the Company’s views with respect to future events and is subject to risks, uncertainties and assumptions, including the risks and uncertainties relating to the interpretation of exploration, engineering and metallurgical results, risks related to the inherent uncertainty of exploration, metallurgy and development and cost estimates, the potential for unexpected costs and expenses and those other risks filed under the Company’s profile on SEDAR+ at www.sedarplus.ca.

While such estimates and assumptions are considered reasonable by the management of the Company, they are inherently subject to significant business, economic, competitive and regulatory uncertainties and risks. Factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to, continued availability of capital and financing and general economic, market or business conditions, adverse weather and climate conditions, failure to maintain or obtain all necessary government permits, approvals and authorizations, failure to maintain community acceptance (including First Nations), risks relating to unanticipated operational difficulties (including failure of equipment or processes to operate in accordance with specifications or expectations, cost escalation, unavailability of personnel, materials and equipment, government action or delays in the receipt of government approvals, industrial disturbances or other job action, and unanticipated events related to health, safety and environmental matters), risks relating to inaccurate geological, metallurgical and engineering assumptions, decrease in the price of rare earth elements, the impact of Covid-19 or other viruses and diseases on the Company's ability to operate, the price of commodities, capital market conditions, restriction on labour and international travel and supply chains, loss of key employees, consultants, or directors, increase in costs, delayed results, litigation, and failure of counterparties to perform their contractual obligations. The forward-looking statements contained in this press release are made as at the date hereof and the Company does not undertake to update publicly or to revise any of the included forward-looking statements or forward-looking information, whether as a result of new information, future events, or otherwise, except as may be required by applicable securities laws.
